Ice-cream - Is it good or bad for kids?

For added inspiration to write their persuasive texts, the Year 5s needed to eat some!

---

Ice cream

I think ice cream is a good way to settle down kids that are either crying or just hot.

Ice cream is good for you because you can add any flavour and you can even make it healthy. Also, there’s yoghurt ice cream which is a good way to start your day.

Another reason ice cream is good is because when it is hot you can go to the shops and buy an ice cream or two to cool you down.

There are lots of reasons children like ice cream, but the most important one of all is to make children cool down and enjoy ice cream!
