On Monday, Tuesday and Wednesday of last week we went on camp with the NRM Youth Environment Council of South Australia.

We went to the Woodhouse Activity Centre.

Some of the activities we did were web of life – we chased other kids around according to whether we were a carnivore, omnivore or herbivore.

We also did Challenge Hill – we did activities as we climbed a hill.

We climbed a chimney as one of our challenges and there were also ropes that we had to negotiate to get across a lake. Karissa completed this twice using two ropes.

We had to try to work in a very dark, confined space called the mouse trap – Paige hit her head twice. We also had a talent show on the Tuesday night. We had heaps of fun!

Paige and Karissa 6/7 Class
